Alt-Opel Interessengemeinschaft von 1972 e.V

The huge Club for all Opel-Friends

Your contribution to the club

You are very welcome for example to report about your experiences with your Opel old-timer, or perhaps you are familiar with other subjects such as the Opel history. Maybe you could give some hints on the repair of your Opel car. There are many more possibilities to give useful inputs to the club life.

What are the costs for a membership?

For the above mentioned services we ask you for an annual membership fee of 60 Euro. The admission fee is 25 Euro.

Our Activities:

1. The Annual International ALT-OPEL Meeting

The highlight in the old Opel year is the established International ALT-OPEL Meeting. Which is held at different locations in Germany, the Netherlands, Switzerland or Austria, always in May. Up to 450 Opel oldtimer enthusiasts participate in these meetings. On Fridays we tour the countryside, on Saturday morning we have our spare part trade market. Saturday evening the traditional club festival takes place. Among others we award members for outstanding activities. The idea of this international event is get together and have fun within the huge Opel oldtimer family.

2. Regional Meetings

All over Germany we have regional meetings. At these places members meet at their convenience. Most of them meets once a month. Additional they have once a year a country side tour, so as to present their nice Opel oldtimers to the public.

3. Reproduction

The reproduction of spare parts belongs to the ressort of our type specialists. Because of our international activities there are reproductions from our abroad countries available.

4. Presence on Oldtimer Fairs

To increasing our degree of popularity, contact point for visitors and meeting point for members we participate in 14 oldtimer fairs with our own information booth.

5. ALT-OPEL Spare Part Trade Market

Are you looking for Opel oldtimer spare parts or do you want to offer some? There we provide in our Clubmagazin a section "Market". Free of charge members can place an advertisement. The more superior possibilities are our Opel spare part trade markets held two times a year, in March and September, in front of the Opel Factory in Ruesselsheim, Germany. There will be exclusively offered spare parts for Opel oldtimer only.

The ALT-OPEL Interessengemeinschaft von 1972 e.V.

Dear ALT-OPEL fan,
we are pleased of your interest about our Opel Club. We would like to take this opportunity to introduce ourselves and to give you a first impression about our club activities and our club organisation.

Who we are?

The ALT-OPEL Interessengemeinschaft (Community of Interest) von 1972 e.V. was founded 1972 by a couple of Opel enthusiasts with the idea of keeping historical Opel objects of cultural value in operational condition.

This idea is still the aim of our club.

In the meantime the club has grown up to more than 2200 members from 27 countries around the world. With a continually increasing number of members we represent the largest Opel-club world wide.

Cooperation with the Adam Opel Factory

We are proud to be the only Opel club which has been acknowledged by the Adam Opel AG in Ruesselsheim. For many years now there has been very close contact between the Adam Opel AG and our club.

A regular dialogue has been established.

Furthermore, we also have close contact to the descendants of the founder of the Opel factory.

The annual International ALT-OPEL Meeting

The club-organization

1. The club management

consists of three board members and two advisors. They are in charge of keeping the club running. Their main activities are to keep close contact to the Adam Opel AG, taking care of the finances and public relations. A good co-operation with our editorial staff is essential.

2. Type sections

Adam Opel started his business initially with the production of sewing machines and bicycles. Later on his sons produced motor cars as well. The Opel brothers were involved in the development of rocket technics. Aircraft engines, motorcycles and refrigerators were also produced. Because of this various types of Opel products and Opel automobiles we have organized our clubs into type-sections in order to serve the members to the best of the knowledge. Each type-section is run by a specialist, a member who has the best knowledge on that particular Opel product. Every member should address the problems he has on his Opel product to his relevant specialist. Right now we have 46 type-sections listed.

Type Section Meeting

The serviv to our members

There are a great number of advantages for the members of the ALT-OPEL IG e.V.
For their membership fees they will receive:

1. Clubmagazin „Der Zuverlässige“

We issue six times a year our club magazin “Der Zuverlaessige“. The magazin represents the communication medium within the club. Here we publish reports of old Opel events, information, maintenance details and others.

2. Address List

Every year we have an actual address list containing the detailed datas of the members. For this reason it will distributed to members only.

3. Guidance by Type Specialists

Do you have questions concerning your Opel oldtimer? Your type specialist will assist you. On reasonable request they reproduce spare parts no more available in the market.

4. Partnership Program

With companies of certain value for the oldtimer scene we have agreed a partnership program. By purchasing of spare parts or other articel they offer our members a reduction on the price. Already on one purchase you could save the expenses you had on the membership fees.

5. Welcome present for New Members

New members will receive the “New Member Package”, containing back copies of our Club magazin, the Club Pin and the Club Logo.

I want to join the circle of the ALT-OPEL Interessengemeinschaft. I am aware that a fee per year must be paid in advance . The annual membership fee is currently 60,- EUR.
