

International Calibra-Meetings at the “Calibra-Stall”

17th Calibra-Hoftreffen

14th Calibra-Group-Meeting of the Alt-Opel-IG e.V.

7th Calibra-Special-Constructions-Meeting

Saturday 27th April 2024

start 12 o'clock in Dingelbe (near Hannover/Hildesheim)

Dear Calibra friends,

within the last meeting we had a visitor-record of 93 guest-Calibra's. This was more than overwhelming. Many thanks to all guests who contributed to this success.

In the past 18 years the event has become a regular establishment. A lot of guests come regular, we also have a lot of new guests arriving with Calibra or without to this event. I am honored that we have guests arriving from all over Europe, this shows that this event is very much appreciated. Due to the big amount of cars there will be some changes in 2024.

Anyone who would like to visit is most welcome. You may bring if possible your Calibra (is not a necessity).

Of course it is expected in general, that applicable behavioral patterns (respect foreign property, consideration of others ...) is followed.

The intension of this event is to be a Calibra-meeting only.

Of course all old-timers (30 years and more) are more than welcome too.

The event is at the same time a Calibra-group-meeting of the "Alt-Opel-Interessengemeinschaft von 1972 e.V." (please take a look at: www.Alt-Opel.eu). This gathering includes the Calibra special constructions for convertibles, Targas, Pickups and others.

There is the possibility to join in with others for an "active screw-meeting-with-dirty-fingers" (included). A lifting platform, pit, as well as sufficient tools are available.

Information in general:
Toilet facilities are on ground.

There will be opportunities for camping (if not too cold) or to use the "Calibra-Stall" (it might be slightly warmer there 😊) for sleeping arrangements.

Nearby are some cheap, external accommodations possibilities, a small selection will be listed below.

Please note that breakfast will be served for all sleepers on Sunday morning beginning at 8 a.m. at the "Calibra-Stall". Therefore accommodation can be booked without breakfast.

Food and beverage:

As in previous years, there will be chilled free drinks, disposable paper cups etc.

We will provide coffee and cake at self-cost price.

If you wish, you can bring your own drinks too.

BBQ stands (charcoal and gas), will be provided.

Meats and others are your own responsibility (own crockery and cutlery can be brought, these must not be left lying around). Also disposable plates and cutlery will be provided.

As always there will be "Brühpuller" (hot sausages /Frankfurter) including bread for those who do not want BBQ. In the village (close by) is a kebab-shop just in case.

Later in the day a fire will be started. In previous years this fireplace was used to sit around to chat, relax and laughter until early hours in the morning.

At this occasion I would like to point out, due to curtesy to keep the noise at a normal level.

Of course, you can also spend a nice evening among friends in the “Calibra-Stall” (heated).

Sunday morning breakfast is served as always at the “Calibra-Stall” for all guests who are still around. Bread rolls, spread and the usual is provided. This includes coffee/tea of course.

Good weather has already been ordered, as of yet we have always been lucky.

I am looking forward to ALL Calibra drivers / owners and Calibra friends, who will find time to meet and greet with like-minded to exchange in a relaxed atmosphere.

Calibra-greetings => Markus Henze *398

Any Questions ? => email: Calibra-Hoftreffen@web.de

WHERE is the annual Calibra event:

Search:

Erhard-Schnell-Platz

31174 Dingelbe, Südstrasse 4

Google Maps

Dingelbe is located in the middle of Lower Saxony on the northern edge of the Leinebergland, between the economic centers of Hanover (40 km), Peine, Braunschweig (35 km) and Salzgitter in the district of Hildesheim.

The location is already well known of previous pictures taken during the last events.

We have a lot of regular visitors which join us yearly.

Annex for reading guests:

Of this event, there have been very extensive threads in the Calibra forums.

An example on www.Calibra-Team.de. These are among the most frequently frequented threads in these forums. Search term: "Hoftreffen" or "Harvester66". Here you can find a selection of pictures of previous events.

On Google search "Calibra Hoftreffen" also provides a lot of references and pictures.

There are also some short reports and pictures on the homepage of the Alt-Opel-IG www.Alt-Opel.eu in the Calibra group.

On Facebook, there is a fan page and an event site for the Calibra-meeting which includes pictures / videos / information about the annual event.

Come and join or just have a look: "Calibra-Hoftreffen => Ich war dabei"

On my new channel "Calibra-Hoftreffen" at

YouTube

you are able to
